## PEMCO REDELIVERS 3RD B737 FREIGHTER TO KAHALA AVIATION

PEMCO World Air Services (PEMCO) has announced the redelivery of a B737-300F aircraft (MSN 27459) to Ireland-based Kahala Aviation. The freighter, converted at PEMCO's headquarters in Tampa, Fla., has now entered service. This conversion marks PEMCO's third redelivery of a B737-300 to Kahala since 2008. A fourth aircraft (MSN 27460) is scheduled for redelivery during Q4 of 2015.

"PEMCO is pleased to continue the rewarding relationship it has with Kahala Aviation," said PEMCO's Director of Cargo Conversions, Mike Andrews. "We look forward to providing this successful and versatile company with reliable, state-of-the art cargo offerings."

PEMCO's latest 737-300F redelivery for Kahala Aviation provides nine pallet positions, up to 43,100 pounds of payload and 4,600 cubic feet of total volume.

"We are thrilled to be working with PEMCO they are truly an outstanding, world-class air services company for our B737-300 freighter requirements," said Brad Smith Managing Director of Kahala Aviation Ltd. "They continually provide us with the timely and top-of-the-line services we require."

PEMCO's 60-plus customers select the company's passenger-to-freighter conversion for its superior cargo door and system, superior operating functions, on-time turnaround, and a track record of two million hours of safe, reliable operation. PEMCO B737 freighter

conversions are the world's only designed, certified and supported conversions that use data obtained through an exclusive Boeing Data licensing agreement to ensure maximum performance and reliability.
